Dear East Muskingum Families and Community,

We have completed one quarter of the school year of what has been an outstanding fall. I want to take a moment to extend my gratitude to each of you for making the start of this year a tremendous success. From our dedicated staff and faculty to our enthusiastic students and supportive families, everyone's efforts have created a positive and inspiring environment for learning and growth.

Your commitment to our schools is evident in the energy, cooperation, and kindness displayed every day. Together, we are building on the rich East Muskingum legacy focused on student opportunities and celebrations. Thank you once again for your support and collaboration. We look forward to a year filled with exciting achievements and shared success.

Sincerely,

David Adams

Ohio Department of Education School Report Card

- ✓ 4.5 out of 5 star rating!
- ✓ Highest ranked district in the Muskingum/Guernsey County area!

Exceeds state standards

2023 - 2024 Report Card for

East Muskingum Local

Districts and schools receive an overall rating of 1 to 5 stars in half-star increments. The overall rating is comprised of five rated components. The College, Career, Workforce and Military Readiness Component is report only and does not contribute to the overall rating on the 2024 Ohio School Report Cards.

LEARNING UNDER THE LIGHTS!

Our 2nd Annual "Learning Under the Lights" Event, held on Tuesday, 10/29, was a great success! We hosted over 700 people (families of pre-k through 3rd graders) on the HS turf field! It was a beautiful evening for families to come learn together while having lots of fun!

JOHN GLENN DAY!

On Thursday, 10/31, many of our students across the district had a fun filled day with activities focused around our namesake John Glenn & his remarkable career! There were museum trips, writing activities, postcard designing (that will actually be sent to space!), dressing up like astronauts, making constellations, and so much more!

Attendance Awareness!

You are your child's biggest advocate. Help your child Stay in the Game! and keep learning every day, so they are challenged, prepared and empowered for the future.

Did You KNOW?

Learning every day helps your child understand the importance of attendance at a young age.

Ohio students who were never chronically absent were **6.7 times more likely** to achieve reading success by the end of third grade than their peers who were chronically absent at least once in kindergarten through third grade.

Missing two days of school per month (missing 10% or more of school) is enough to cause a student to become chronically absent. Chronic absence in the early grades can make it more difficult for students to succeed in middle school and high school.

Students are more likely to participate, focus and learn in classrooms if they feel safe (emotionally and physically), connected, supported and believe they can learn and achieve.

STEPS YOU CAN TAKE TO HELP YOUR CHILD GET TO SCHOOL AND STAY IN THE GAME!

Discuss Attendance Goals

- Sing, dance and celebrate the importance of staying in the game and learning every day with your child. Make learning fun!
- Talk to your child's teacher or principal about attendance and any problems your child may have staying in the game.
- Make sure you know the attendance policies at your child's school, including what to do if they have to miss school, incentives and the outcomes of missed attendance.
- Stay informed and fully understand any learning platforms that your child uses and know how to access information such as attendance, assignments and grades.
- Monitor your child's learning pace and progress across all courses for attendance, participation and performance. Also, seek their teacher's help as soon as your child starts to fall behind.

Develop Smart Routines

- Talk to your child and reinforce the importance of hand washing, cough and sneeze etiquette.
- Prioritize the importance of a good night's sleep: school works the brain and the brain needs rest.
- Create a learning schedule with your child to help keep them on task and set reminders for completing and turning in assignments.
- Monitor your child's online activities, know your child's friends and understand their social interactions.
- Encourage movement and physical activities such as walking/running, playing sports, dancing, and creative ways of learning in the outdoors.
- Create an environment that is comfortable and free of distractions such as high noise level and clutter.
