New Concord
Elementary

Perry Elementary

Pike Elementary

East Muskingum Local Schools has been in session five days a week during the 2020-2021 school year and is pleased with the academic support and instruction that has happened during this time. During this time the same academic expectations have been maintained in a safe environment. Student progress has been maintained at a level comparable to previous school years for all students and decisions are based on the data that is analyzed from our level of expectations. The needs of the “whole child” have always been maintained through academics, the arts, athletics, and the social and emotional needs of the child during the pandemic and beyond. Supports are always provided to students in the East Muskingum Local School District and will continue as we move into the 2021-2022 school year. With this in mind East Muskingum Local Schools will continue to provide face-to-face instruction, five days a week, to our students during the 2021-2022 school year.

East Muskingum Local Schools will continually update our community as the situation changes and we receive additional guidance from the Ohio Department of Education (ODE), the Center for Disease Control and Prevention (CDC), Ohio Department of Health (ODH), Ohio High School Athletic Association (OHSAA), and the Zanesville-Muskingum County Health Department and will implement recommended safety protocols to the highest degree possible for our students and staff.
